Dear Sir:

This communication is in response to the Office Action mailed August 8, 2007, setting forth a Restriction Requirement and Election of Species Requirement in the above-identified application.

In response to the Restriction Requirement, Applicants hereby elect the invention of Group I. The Office Action indicates that claims 1-21, 38, 63 and 66-71 are part of Group I. Applicants thank the Examiner for a telephone interview with the undersigned on October 5, 2007, in which the Examiner indicated that Group I also includes claims 72-77, which were inadvertently omitted from the grouping of claims. Thus, Group I properly includes claims 1-21, 38, 63 and 66-77.

Applicants reserve the right to file a divisional application corresponding to the non-elected claims.

In response to the Election of Species Requirement, Applicants provisionally elect species 1, i.e., gluconic acid, sodium gluconate, potassium gluconate, anhydrous calcium gluconate, calcium gluconate monohydrate, calcium borogluconate, magnesium gluconate, iron gluconate, manganese gluconate, zinc gluconate and copper gluconate. Currently, at least claims 1-4, 6-25, 29-40, and 42-77 read on the disclosed species, and at least claims 1-3, 7-24, 29-40, and 42-77 are generic. Upon the allowance of a generic claim, Applicant is entitled to consideration of claims to additional species as provided by 37 C.F.R. 1.141.

In the event any fee is due in connection with the present response, the Examiner is authorized to charge Deposit Account No. 12-1095 therefor.

Dated: October 9, 2007

Respectfully submitted,

By   
Andrea Jo Kama
